**INNOVATIVE MANAGEMENT SERVICES FOR
MEDICAL & BEHAVIORAL HEALTHCARE**

CFG Health Systems, LLC is an innovative, dynamic organization that provides comprehensive medical and behavioral health services to various healthcare venues such as correctional, hospital and military facilities.

Founded in 1997, CFG retains a staff of over 700 professionals and is responsible for managing healthcare facilities throughout the country. Our emergence as an industry leader can be attributed to:

- ◆ **An intense focus on excellent clinical care and client service.**
- ◆ **An ability to quickly integrate new contracts into a single coordinated management infrastructure.**
- ◆ **An advanced, comprehensive treatment model.**
- ◆ **A belief that every individual must be treated with dignity and respect.**
- ◆ **Our ability to provide healthcare services to organizations of all types and sizes.**

MEDICAL & BEHAVIORAL HEALTHCARE MANAGEMENT SERVICES

MEDICAL SERVICES: All clinically necessary medical and dental services provided primarily on site, as effectively and efficiently as possible.

PSYCHIATRIC AND PSYCHOLOGICAL SERVICES: Evaluations, assessments, testing, pharmacological management, psychotherapy, pain management and substance abuse treatment.

MANAGEMENT CONSULTING: Strategic planning for program development and effective marketing.

COMPREHENSIVE PROGRAM DESIGN AND DEVELOPMENT: Design and development of behavioral healthcare programs. These programs are provided with on-site staff and supervision.

ON-SITE EDUCATION: On-site training for ongoing development.

POLICY DEVELOPMENT: Drafting of policies and procedures consistent with the program's staff structure and service delivery format.

EMPLOYEE ASSISTANCE PROGRAMS: Employee evaluations/assessments, drug free workplace programs, staff enrichment and growth workshops (e.g., "Violence in the Workplace," "How to Manage a Troubled Employee," etc.).

OFFICER AND CORRECTIONAL BASED SERVICES: Psychiatric and psychological services, parole and sex offender evaluations, and pre-employment evaluations.

PROFESSIONAL STAFFING: Continuous recruitment staffing services to ensure licensed caregivers are properly credentialed and of the highest quality.

ACCREDITATION: Assistance in accreditation preparation and support.

MILITARY: Telepsychiatry is used to treat military members and their families whenever and wherever help is needed.

VIRTUAL REALITY: Pioneering the development of interactive, 3D video game style imaging program to facilitate more effective interpersonal counseling and psychosocial therapy for troubled adolescents.

TELEMEDICINE: Utilizing audio/video transmission, telepsychiatry allows for face-to-face psychiatric interviews with a mental health professional regardless of the location of the patient. This process offers many advantages to the traditional format while maintaining an intimate set-up that is conducive to helping the patient.

COST ACCOUNTABILITY

CFG Health Systems, LLC ensures accurate cost reporting so that your organization is provided details on every expense. We work within your organization's infrastructure by maintaining a strong infrastructure ourselves. We employ staff members with credentials at all levels. We provide Physicians, Dentists, Advanced Practice Nurses, RNs, LPNs, Licensed Psychologists, Social Workers and other ancillary staff.

UTILIZATION REVIEW

The CFG utilization management program is organized under clinical leadership to ensure that appropriate clinical decisions drive utilization. Physicians review all such decisions both prospectively as well as retrospectively.

QUALITY ASSURANCE

Clinical audits and case reviews are conducted to ensure compliance with accrediting and payor guidelines and standards. The goals of Continuum Quality Improvement (CQI) include improving processes, reducing costs, improving outcomes, and increasing both technical and perceived quality. In an objective, systematic and ongoing manner, our CQI program establishes patient care indicators for CFG to evaluate the quality and appropriateness of care; to resolve identified problems; and to pursue opportunities to improve care.
